

Manufactured Housing Heatmap: Fannie Mae Real Property Manufactured Housing Deliveries by County, 2018-2020

Manufactured housing zoning limitations can present critical hurdles to increasing access to affordable homeownership. The MH Heatmap helps to identify areas where MH is present and prevalent, which may indicate MH-inclusive zoning.

Color shows Real Property Manufactured Housing Deliveries for each county between 2018 and 2020. The map is filtered to include counties with deliveries greater than or equal to 20.
